

## PRELIMINARY EXAMINERS/MSc Juha-Matti Huusko

The Dean of the Faculty of Science and Forestry at the University of Eastern Finland has decided to appoint Professor Martin Chuaqui (Pontificia Universidad Católica de Chile, Departamento de Matemáticas, Chile) and Professor Hasi Wulan (Shantou University, Department of Mathematics, China) to review the dissertation manuscript by MSc Juha-Matti Huusko entitled "Methods for complex ODEs based on localization, integration and operator theory" for the degree of Ph.D. The dissertation manuscript represents the field of Mathematics.

*Please note that the preliminary examiner should neither be a relative to the candidate nor have a polemic relation with him (Administrative Procedure Act, 434/2003, 28 §). In case such a situation occurs, please inform us.*

On the basis of the preliminary examiners' statements the Faculty Council will grant the candidate the permission to print the dissertation, and will also appoint the official opponent. The final approval and grading of the dissertation follows after the public defence of the doctoral thesis.

Please send your statement, addressed to the Faculty Council, within two (2) months to the following address:
